

Phoenix Health Fund has Agreements with the Hospitals listed.
These Agreements mean that Phoenix Health Fund will, in most cases, pay 100% of the Hospital Costs.

There may be a member Co-Payment for certain Prostheses Devices
Your Doctor will advise you beforehand should there be a Co-Payment required.

The Agreements cover all Medicare-related Hospital costs as an admitted patient.
The only costs to you will be the difference between what your doctor(s) charge and the Medicare Schedule Fee, possibly the patient fee towards non-PBS prescriptions, and possibly a Co-Payment for Prostheses Devices above the Minimum Benefit.

This applies if you have "Top Hospital Cover" with Phoenix Health Fund (HS).

For the YoungSavers product (YS),
see the 'Limited Benefits' details for anticipated Out-of-Pocket costs.

For doctor charges, Medicare will pay 75% of the MBS ("Schedule") Fee, and Phoenix Health Fund will pay 25% of the MBS fee of doctors' charges while in hospital.

* Where the Medical Practitioner is part of the Australian Health Service Alliance "Access Gap Cover" Scheme, there will be No member co-payment, or you will be advised beforehand of the Medical Out-of-Pocket costs.

For Cosmetic or Surgical Podiatrist benefits, please contact the Fund.

If the Hospital you are planning on using is not on the list, call Phoenix Health Fund FREECALL 1800 02 8817 to check whether it has been added recently, or to determine the Default benefits for hospitals without an Agreement.
